

Curriculum vitae: Nina Grace JABLONSKI
(Revised 27 December 2017)

Personal Information:

| | |
|---------------------------------|---|
| Office address | Department of Anthropology, The Pennsylvania State University, 409 Carpenter Building, University Park, Pennsylvania 16802, U.S.A. |
| Office telephone number | 1 (814) 865-2509 |
| Office fax number | 1 (814) 863-1474 |
| Electronic mail address | ngj2@psu.edu |
| Institutional web page | http://anth.la.psu.edu/research/jablonski-lab |
| Personal web page | http://www.personal.psu.edu/ngj2/blogs/nina_jablonski/ |
| Finding Your Roots Classroom | http://www.fyrclassroom.org/ |
| TED talk (over 1,000,000 views) | https://www.ted.com/talks/nina_jablonski_breaks_the_illusion_of_skin_color |

Indexes of Scholarly Productivity:

Total citations: 5674
h-index (total): 37
i10-index: 85

Educational Background:

| | |
|------|--|
| 1981 | Ph.D., University of Washington (Anthropology); Title of dissertation: Functional Analysis of the Masticatory Apparatus of <i>Theropithecus gelada</i> (Primates: Cercopithecidae) |
| 1978 | Ph.C., University of Washington (Anthropology) |
| 1975 | A.B., Bryn Mawr College (Biology) |

Major Research Interests:

- Primate, including human, evolution, especially in relation to environmental change
- Evolution of human skin, skin pigmentation, and touch
- Public education about human evolution, human diversity, and racism

Major Academic Honors:

| | |
|-----------|---|
| 2015 | Elected as Member, American Academy of Arts & Sciences |
| 2014 | Appointed as Permanent Visiting Fellow of the Stellenbosch Institute for Advanced Study (STIAS) |
| 2014 | Appointed Evan Pugh University Professor of Anthropology at The Pennsylvania State University |
| 2014-2015 | Elected as Chair, Section H (Anthropology), American Association for the Advancement of Science |
| 2012 | Recipient, John Simon Guggenheim Foundation Fellowship |
| 2011 | Elected as Fellow, Royal Society of Biology (U.K.) |
| 2010 | D. Phil. (<i>Honoris Causa</i>), Stellenbosch University, South Africa |
| 2009 | Elected as Member, American Philosophical Society |
| 2007 | W.W. Howells Award of the American Anthropological Association for best book in biological anthropology for 2007 for <i>Skin: A Natural History</i> |
| 2005 | Recipient, Alphonse Fletcher Sr. Fellowship |
| 2002 | Elected as Fellow, American Association for the Advancement of Science |
| 2001-2002 | Elected as President (2001-2002), Pacific Division, American Association for the Advancement of Science |

1996 Elected as Fellow, California Academy of Sciences

Major Scholarships and Fellowships:

2012 Guggenheim Fellowship (\$40,000 award), for the project, "Naturalistic Studies of the Dynamics of Vitamin D Status in Human Populations"
2005 Alphonse Fletcher Sr. Fellowship (\$50,000 award), for the project "Improving the Public Understanding of the Biological and Social Meaning of Skin Color"
1998 J. William Fulbright Senior Scholarship (for research and teaching in Nepal)
1978-1979 Smithsonian Institution Predoctoral Fellowship

Current Major Academic Positions:

Evan Pugh University Professor of Anthropology, The Pennsylvania State University (University Park)
Director, Center for Human Evolution and Diversity, The Pennsylvania State University (University Park)
Associate Director, The Huck Institutes of the Life Sciences, The Pennsylvania State University (University Park)
Permanent Visiting Fellow, Stellenbosch Institute for Advanced Study (STIAS), Stellenbosch, South Africa
Convener, Stellenbosch Institute for Advanced Study (STIAS) Long-Term Initiative on "Being Human Today: The Effects of Race" (2013-2018) <http://stias.ac.za/news/2013/09/stias-long-term-project-being-human-today-the-effects-of-race/>

Current Minor Academic Position:

Member, Penn State Cancer Institute, Population Health and Cancer Control Program

Current Major Advisory Board Positions:

Member, Scientific Executive Committee, The Leakey Foundation (appointed 2016).
Member, Scientific Advisory Board, L'Oréal Research and Innovation (2013-2016 Term; renewed for 2016-2019).
Member, Scientific Advisory Committee for Skin Cancer Prevention, Klein Buendel, Inc. (appointed 2017)

Current External Research Grant Supervisory Positions:

Principal Investigator, "Finding your roots: using a personalized genetics and genealogy approach to foster interest and participation in the health sciences in middle school-aged youth" (Rockefeller Foundation Grant 2015 PRE 310, December 2015 through July 2017)
Principal Investigator, "Using a personalized genetics and genealogy approach to improve learning outcomes in the health sciences in middle school-aged youth" (Robert Wood Johnson Foundation Grant 31469, July 2015 through June 2018)
Principal Investigator, "Variation in human hair morphology within and among human populations" (NSF BCS Grant 1453571; February 2015 through January 2016)
Convener, Stellenbosch Institute for Advanced Study (STIAS) Long-Term Initiative on "Being Human Today: The Effects of Race" (2013-2018)
Principal Investigator, "Paleobiogeography, paleoecology, and continued investigation of a diverse, terminal Miocene, primate-bearing fauna from southern China" (NSF BCS Grant 1227927; August 2012 through July 2015, extended to July 2018)

Previous Academic Positions Held:

Major (regular salaried positions):

2011-2014 Distinguished Professor of Anthropology, The Pennsylvania State University (University Park)
2006-2011 Head, Department of Anthropology, The Pennsylvania State University (University Park)

- 1998-2006 Irvine Chair of Anthropology, Curator of Anthropology, and Head of the Department of Anthropology, California Academy of Sciences (since December, 1994)
- 1995-1998: Irvine Chair of Anthropology, Associate Curator of Anthropology, and Chair of the Department of Anthropology, California Academy of Sciences
- 1990-1994: Senior Lecturer, Department of Anatomy and Human Biology, The University of Western Australia (tenured 16 September 1993)
- 1981-1990: Lecturer, Department of Anatomy, University of Hong Kong, (substantive [tenured] contract awarded in 1983)

Memberships on External Award, Membership, and Advisory Committees and Advisory Boards:

- 2017 onward Member, Council (representing Class II, Biological Sciences), American Philosophical Society
- 2017 onward Member, Ethics Committee, American Association of Physical Anthropologists
- 2016 onward Member, Scientific Executive Committee, The Leakey Foundation
- 2013-2014 Member, Committee on Diversity, Steering Committee for the Women’s Mentoring Workshop, American Association of Physical Anthropologists
- 2011-2017 Member, Class II (Biological Sciences) Membership Committee, American Philosophical Society
- 2010-2016 Member, Board of Behavioral, Cognitive and Social Sciences, National Research Council, National Academy of Sciences
- 2008-2014 Member, National Science Foundation Advisory Committee for the Social, Behavioral, and Economic Sciences; two terms served
- 2013 Member, *ad hoc* subcommittee on Youth Violence, National Science Foundation Advisory Committee for the Social, Behavioral, and Economic Sciences
- 2012-13 Chair, Committee of Visitors for the Division of Behavioral and Cognitive Sciences, National Science Foundation Advisory Committee for the Social, Behavioral, and Economic Sciences
- 2013 Member, *ad hoc* Advisory Committee on the Election of Members, American Philosophical Society
- 2011 onward Member, Membership Committee (Class 2, Biological Sciences), American Philosophical Society
- 2007-2011 Member, W.W. Howells Prize Committee for the Biological Anthropology Section of the American Anthropological Association
- 2002-2012 Science Advisor, The Pinhead Institute, Telluride, CO (a non-profit, environmental education organization affiliated with the Smithsonian Institution)
- 2001-2002 Member, David Starr Jordan Prize Committee in Evolutionary Biology (convened by Stanford University, Cornell University, and Indiana University)

Competitive Grants (last five years):

- 2015 Rockefeller Foundation Grant (award number 2015 PRE 310, \$167,676), “Finding your roots: using a personalized genetics and genealogy approach to foster interest and participation in the health sciences in middle school-aged youth”
- 2015 Robert Wood Johnson Foundation Grant (award number 31469, \$343,752), “Using a personalized genetics and genealogy approach to improve learning outcomes in the health sciences in middle school-aged youth”
- 2015 NSF BCS Grant (award number 1453571, \$82,400.00), “Variation in human hair morphology within and among human populations” (PI; Mark D. Shriver and Sandra Koch, Co-PI’s)
- 2013 Knut and Alice Wallenberg Foundation and Riksbankens Jubileumsfond, Sweden (ZAR 3,000,000 to the Stellenbosch Institute for Advanced Study (STIAS) for the project “Being Human in a Post-modern World: The Effects of Race” (Co-PI); <http://stias.ac.za/news/2013/09/stias-long-term-project-being-human-today-the-effects-of-race/>
- 2012 National Evolution Synthesis Center (NESCent) award to support three Workshops on, “Using Genetics and Genealogy to Teach Evolution and Human Diversity” (PI)
- 2012 NSF BCS Grant (award number 1227927, \$89,019.00), “Collaborative Research: Paleobiogeography, paleoecology, and continued investigation of a diverse, terminal Miocene, primate-bearing fauna from southern China” (PI)

Graduate Students Currently Under Supervision (All in the Department of Anthropology at The Pennsylvania State University, except as stated):

- Lily Doershuk, Ph.D. candidate, Supervisory role: Member of the supervisory committee; expected date of completion May 2020
- Oladuni Tina Lasisi, Ph.D. candidate, Supervisory role: Chair of the supervisory committee; expected date of completion: May 2020.
- Kevin A. Rosenfield, Ph.D. candidate. Supervisory role: Member of supervisory committee; expected date of completion: May 2019.
- Karly Etz, Ph.D. candidate, Department of Art History. Supervisory role: Member of supervisory committee; expected date of completion: May 2020.
- Tabitha C. Green, M.A. candidate, Department of Anthropology, Georgia State University. Supervisory role: Member of supervisory committee; expected date of completion: December 2017.
- Raining Wang, Ph.D. candidate. Supervisory role: Member of supervisory committee; expected date of completion: May 2018.
- Allison Machnicki, Ph.D. candidate. Supervisory role: Member of supervisory committee; expected date of completion: May 2018.
- Richard Bankoff, Ph.D. candidate (in the dual degree program in Anthropology and Bioethics). Supervisory role: Member of supervisory committee; expected date of completion: May 2018.
- Sandra Koch, Ph.D. candidate, Supervisory role: Chair of the supervisory committee; expected date of completion: May 2018.

Graduate Degrees Supervised:

- Hsin-Yu Chen, Ph.D. (2017) Women's Perceptions of Skin Color and Sun-Related Behaviors: A Cross-Cultural Study, Department of Recreation, Park and Tourism Management, Penn State (University Park), Supervisory role: Co-chair of supervisory committee.
- Sukhdeo, Simone. Ph.D. (2017) Shape and Structural Variation in the Distal Femur of Catarrhine Primates, Supervisory role: Member of supervisory committee.
- Kelsey Kjosness. Ph.D. (2017) Evolutionary and developmental mechanisms of pisiform growth plate loss. Supervisory role: Member of supervisory committee.
- Vivek Venkataraman, Ph.D. (2016) Historical and functional ecology of rainforest foragers. Department of Biological Sciences, Dartmouth College. Supervisory role: External member of supervisory committee.
- Amélie Beaudet, Ph.D. (2015) Caractérisation des structures crânio-dentaires internes des cercopithécoïdes et étude diachronique de leurs variations morphologiques dans la séquence Plio-Pléistocène sud-africaine, University of Toulouse III. Supervisory role: Member of supervisory committee.
- Hill, Alexander. Ph.D. (2013) Sexual selection and vocalization in humans and nonhuman anthropoid primates. Supervisory role: Member of supervisory committee.
- Swiatoniowski, Anna., M.S. (2013) Comparing von Luschan skin color tiles and modern spectrophotometry for measuring human skin pigmentation. Supervisory role: Chair of supervisory committee.
- Swain, W. Jeffrey, Ph.D. (2013) The impact of the social web on identity and community: An ethnographic study of a community of runners. College of Education, The Pennsylvania State University. Supervisory role: Member of supervisory committee.
- MacGill, Clayton, Ph.D. (2013) High-resolution reconstruction of early human habitats at FLK Zinjanthropus, Olduvai Gorge, using lipid biomarker and isotope signatures. (Geosciences and Biogeochemistry). Supervisory role: External member of supervisory committee.
- Pearson, Laurel, Ph.D. (2012) Genetic contributions to disparities in preterm birth among African-American women. Genetics Program, The Pennsylvania State University. Supervisory role: Member of supervisory committee.
- Rogers, Megan, M.S. (2012) Using genomic ancestry and demographic variables to study perception in human faces Genetics Program, The Pennsylvania State University. Supervisory role: Committee member.

- Liberton, Denise, Ph.D. (2012) An investigation into genes underlying normal variation in facial morphology in admixed populations. Department of Anthropology, The Pennsylvania State University. Supervisor role: Committee member.
- Frazier, Brenda, Ph.D. (2011) The cranial morphology of dwarf primate species. Department of Anthropology, The Pennsylvania State University. Supervisor role: Committee member.
- Wagner, Jennifer, Ph.D. (2010) Implications of DNA ancestry tests. Ph.D., Department of Anthropology, The Pennsylvania State University. Supervisor role: Committee member.
- Quillen, Ellen, Ph.D. (2010) Identifying genes related to indigenous American-Specific changes in skin pigmentation. Ph.D., Department of Anthropology, The Pennsylvania State University. Supervisor role: Committee member.
- Jin, Joohyun, Ph.D. (2010) Zooarchaeological and taphonomic analysis of the faunal assemblage from Tangzigou, Southwestern China. Ph.D., Department of Anthropology, The Pennsylvania State University. Supervisor role: Primary supervisor.
- Macharia, Anthony, M.S.. (2005) Multivariate analysis of leaf shape patterns in the genus *Arctostaphylos* (Ericaceae). M.Sc., Department of Biolgy, San Francisco State University. Supervisor role: Committee member.
- Bolter, Debra, Ph.D. (2004) Growth of the postcranial skeleton in colobine monkeys. Ph.D., Department of Anthropology, University of California at Santa Cruz. Supervisory role: Outside committee member.
- Hamburger, Lisa, M.A. (2003) The effect of a female alliance on male social behavior in captive chimpanzees (*Pan troglodytes*). M.A., Departments of Anthropology and Biological Sciences, San Francisco State University. Supervisor role: Committee member.
- Rentz, Erin, M.A. (2003) Effects of fire on plant anatomical structure in Native Californian basketry material. M.S., Department of Biological Sciences, San Francisco State University. Supervisor role: Committee member.
- Brim, Susan, M.A. (2003) The relationship of degrees of anisognathy and lower molar elongation to levels of folivory in Old World monkeys (Family Cercopithecidae). M.A., Department of Anthropological Sciences, Stanford University. Supervisory role: Primary supervisor.
- Jeansonne, Andrea, M.A. (2002) Conflict resolution in chimpanzees: An observational study based on a chimpanzee population in the San Francisco Zoo. M.S., , Department of Anthropology, San Francisco State University. Supervisor role: Committee member
- Collins, Kelly, M.A. (2001) Bioacoustic investigations of the Mongolian gerbil. M.S., Department of Biological Sciences, San Francisco State University. Supervisor role: Committee member
- Buck, Alana, Ph.D. (1999) Analysis of the trabecular structure of the bodies of human vertebrae using the technique of fast Fourier transformations. Ph.D. (co-supervisor with Prof. C.E. Oxnard), Department of Anatomy and Human Biology, The University of Western Australia. Supervisor role: Committee member.
- Pan, Ru-Liang, Ph.D. (1999) Intra- and interspecific variation in cranial morphology in the Chinese macaques. Ph.D. (co-supervisor with Prof. C.E. Oxnard and Dr. L. Freedman), Department of Anatomy and Human Biology, The University of Western Australia. Supervisor role: Committee member
- Su, Denise, B.A. Honors. (1999) Postcranial adaptations to terrestrial locomotion in the Yunnan snub-nosed monkey, *Rhinopithecus bieti*. B.A. (Honors), Department of Anthropology, University of California at Berkeley. Supervisor role: Committee member.
- de Winter, Willem, Ph.D. (1997) The evolution of behavioural complexity in the Primates. Ph.D. (co-supervisor with Prof. C.E. Oxnard), Department of Anatomy and Human Biology, The University of Western Australia. Supervisor role: Committee member.
- Pollard, Elizabeth, B.Sc. (Honours). (1994) A comparison of mothering behaviour and infant development between three female orangutans and their offspring. B.Sc. (Honours) [First Class], Department of Anatomy and Biology, The University of Western Australia. Supervisory role: Primary supervisor.
- Samson, Helen, M.Sc.. (1994) Methods of assessing and preventing dental treatment anxiety in children. M.Sc., Department of Anatomy and Human Biology, The University of Western Australia. Supervisory role: Primary supervisor.
- Suessenbach, Wilhelm, B.Sc. (Honours). (1992) *Ptilocolobus badius* and *Procolobus verus*: A study in cranial form and evolution. B.Sc. (Honours) [First Class], Department of Anatomy and Human Biology, The University of Western Australia. Supervisory role: Primary supervisor.

- Ottaviano, Paul A., B.Sc. (Honours) (1991) The anatomy of the long bones of *Rhinopithecus* and *Pygathrix* in relation to body size and locomotion. B.Sc. (Honours) [Second Class], Department of Anatomy and Human Biology, The University of Western Australia. Supervisory role: Primary supervisor.
- Murphy, Denise, B.Sc. (Honours) (1991) Concepts of health and disease in the Vietnamese community in Perth, Australia, B.Sc. (Honours) [First Class], Department of Anatomy and Human Biology, The University of Western Australia. Supervisory role: Primary supervisor.
- McKenna, J.J.Iain, M.Phil. (1986) A qualitative and quantitative assessment of the anterior dentition visible in potographs and its application in forensic oontology. M.Phil., Department of Anatomy, University of Hong Kong. Supervisor role: Committee member.
- Chan, Lap-Ki, B.Sc. (Honours). (1986) The deduction of the level of the human larynx from bony landmarks and its relevance to the investigation of the evolution of human speech. B.Sc. (Honours) [Second Class], Department of Anatomy, University of Hong Kong. Primary supervisor.

Current Undergraduate Teaching (Penn State):

ANTH 215, Skin: Evolution, Biology and Culture; 3 credits; Exploration of the evolution and cultural significance of human skin, including skin color and body adornment. SRTE (Spring 2010): Mean course rating: 6.61, Mean instructor rating: 6.82, 82.4% responded out of 33 enrolled.

ANTH 405, Primatology; 3 credits; Exploration of the evolution, ecology, and behavior of Primates. SRTE (Spring 2009): Mean course rating: 6.62, Mean instructor rating: 6.69, 76.4% responded out of 17 enrolled; SRTE (Spring 2008): Mean course rating: 6.29, Mean instructor rating: 6.59, 73.9% responded out of 23 enrolled.; SRTE (Fall 2016): Mean course rating: 5.92, Mean instructor rating: 6.54, 43.3% responded out of 30 enrolled.

Journal Editorial Appointments:

Current:

- 2016 onward Associate Editor, *Zoological Research*
2015 onward Associate Editor, *Evolution, Medicine, and Public Health*
2014 onward Associate Editor, *Primate Biology*
2000 onward Associate Editor, *Folia Primatologica*
1999 onward Editor and Academic Advisor, Cambridge University Press, Biological and Evolutionary Anthropology series

Occasional:

2007, 2013, 2014, 2015: Guest Editor, *Proceedings of the National Academy of Sciences*

Past:

- 2003 – 2005: Associate Editor, *Journal of Human Evolution*
1999 - 2001: Associate Editor, *Journal of Human Evolution*
1986-2007: Board of Reviewing Editors, *Human Evolution*
1988 - 1997: Editor-in-Chief, *East Asian Tertiary/Quaternary Newsletter*
1992 - 1994: Associate Editor, *Perspectives in Human Biology*
1992 - 1994: Editorial Board, *Australian Primatology*

Special journal issues edited:

- 2005 Special Issue Editor, *Proceedings of the California Academy of Sciences* (volume entitled *Biodiversity: Past, Present and Future*)
2005 Special Issue Co-Editor (with Michael Ghiselin) *Proceedings of the California Academy of Sciences* (volume entitled *The Future of Taxonomy*)
2004 Special Issue Editor, *Quaternary International*
1991 Guest Editor of Special Double Issue on Chinese primates, *Folia Primatologica*

Conferences, Symposia and Lecture Series Organized:

- | | |
|------|--|
| 2016 | National Cancer Institute Sponsored Sun Safety Expert Meeting, convened by the National Academy of Sciences Board on Behavioral, Cognitive and Sensory Sciences; Meeting co-chair. |
| 2015 | Symposium, "Unique Features of Human Skin," CARTA Symposium, Salk Institute, co-organized with Pascal Gagneux. |

- 2014 Symposium, "Geography and Skin Pigmentation Disorders," International Pigment Cell Conference, 2014, Singapore (Role: Co-organizer and Co-chair); symposium sponsored by L'Oréal Research and Innovation.
- 2014 Symposium, "Neoracism and Scientific Racism in "Post-Racial" Societies," Annual Meeting of the American Association for the Advancement of Science, Chicago, IL. (Role: Primary organizer)
- 2014 Biennial Conference, International Primatological Society, Hanoi Vietnam; (Role: Member of program committee)
- 2013 Symposium, "Beyond Color: How Human Skin Interacts with Our World," Annual Meeting of the American Association for the Advancement of Science, Boston, MA.
- 2007 Symposium on, "What's New with Old Monkeys? Systematics, Phylogeny, and Paleobiology of Fossil Cercopithecids", for the Annual Meeting of the American Association of Physical Anthropologists (Co-Organizer, with S. Frost and E. Delson)
- 2005 Symposium on, "Ice Age Peoples of the Pacific Northwest", for the Annual Meeting of the Pacific Division of the American Association of the Advancement of Science.
- 2003 Symposium on, "Biogeography: Past, Present and Future", for the 150th anniversary celebration of the California Academy of Sciences, in collaboration with the Pacific Division of the American Association of the Advancement of Science.
- 2003 Symposium on, "The Future of Taxonomy", for the 150th anniversary celebration of the California Academy of Sciences, in collaboration with the Pacific Division of the American Association of the Advancement of Science.
- 2002 Academy Fellows Day: "New Views on Human Ethology", featuring Prof. I. Eibl-Eibesfeldt; events organized included a public lecture, reception, and half-day panel discussion
- 2002 Symposium on, "Island Biogeography, with a Pacific Flavor" for the annual meeting of the Pacific Division of the American Association of the Advancement of Science.
- 2002 Symposium on, "Peopling of the Pacific" for the annual meeting of the Pacific Division of the American Association of the Advancement of Science.
- 2002 Symposium for the annual meeting of the American Association of the Advancement of Science, "Solar UVR and its Effects on the Evolution of Life on Earth".
- 2001 Fifth International Conference on the Evolution of the East Asian Environment, Centre of Asian Studies, University of Hong Kong, November 2001
- 2000 "Shaping Primate Evolution", an international symposium to honor the career of Charles E. Oxnard, for the annual meeting of the American Association of Physical Anthropologists, co-organized with R. German
- 1999-2006 Conversations at the Herbst Theatre, City Arts And Lectures, Member of the Selection Committee for choosing speakers to be part of the series sponsored by the California Academy of Sciences
- 1999 "Recent Developments in Studies Relating to Human Evolution"
Pacific Division, American Association of the Advancement of Sciences, symposium for Annual Meeting (San Francisco, 22 June 1999)
- 1999 "Museums, Universities and the Science of Biodiversity," an international symposium organized jointly between the California Academy of Sciences and Stanford University (co-organized with Drs. T. Gosliner, California Academy of Sciences and W. Watt, Stanford University)
- 1999 Lecture Series associated with "Missing Links Alive", an exhibit on human evolution at the California Academy of Sciences
- 1999 The Fourth Wattis Symposium in Anthropology at the California Academy of Sciences, "The First Americans: Pleistocene Colonization of the New World" (2 October 1999)
- 1998 onward "Human Origins Lecture Series", an internationally recognized series of noted speakers, organized jointly with the Leakey Foundation
- 1998 Rietz Food Technology Endowment Symposium, "Food, Health and Healing"
- 1997 The Third Wattis Symposium in Anthropology at the California Academy of Sciences, "The Origin and Diversification of Language"
- 1996 Rietz Food Technology Endowment Symposium, "Bread, A Language of Life"
- 1995 The Second Wattis Symposium in Anthropology at the California Academy of Sciences, "Beyond Art: Upper Paleolithic Image and Symbol"

- 1994 Symposium on "The Biology of the Snub-nosed Langurs" for the XVth International Congress of the International Primatological Society, Bali, August 1994
- 1991 Third International Conference on the Evolution of the East Asian Environment, Kunming, Yunnan, China; Co-sponsored by the Centre of Asian Studies of the University of Hong Kong and the Academia Sinica of the People's Republic of China
- 1990 *Theropithecus* as a Case Study in Primate Evolutionary Biology, Kings College, University of Cambridge, 9-12 April; Supported by the Wenner-Gren Foundation

Major Invited Lectures (last five years):

- 2017 "Human Skin Color is an Evolutionary Adaptation, not a Racial Characteristic," ALLELE lecture, University of Alabama.
- 2017 "Look up from your screens," First Year Student Convocation address, The Pennsylvania State University (University Park)
- 2017 "Being a Scientist, 24/7," Commencement address for the Eberly College of Science, The Pennsylvania State University (University Park)
- 2017 "The cost of color: The health and social consequences of skin color for people today," Charles M. and Martha Hitchcock Lectures, University of California at Berkeley.
- 2017 "The real 'skin in the game': The history of naked, sweaty, and colorful skin in the human lineage," Charles M. and Martha Hitchcock Lectures, University of California at Berkeley.
- 2017 "The skin of *Homo sapiens*: The evolution of our interface with the world," Invited lecture in the series, Woher kommt der Mensch? Ein neuer Blick auf *Homo sapiens*, Senckenberg Institute and Museum, Frankfurt, Germany.
- 2016 "The evolution of skin as a sensory organ," Banquet Dinner Address, 65th Annual Montagna Symposium on the Biology of Skin, organized by the Oregon Health Sciences University and the Society for Investigative Dermatology.
- 2016 "Living color: The biological and social meaning of skin color," Frontiers in Science Lecture, Ohio University, Athens.
- 2016 "Why skin color matters," J. James Wood Lecture, Butler University, Indianapolis.
- 2016 "Extreme bodies: Humanity's journey from the savanna to the sofa and beyond," Chautauqua Institution, Chautauqua.
- 2016 "The evolution of human skin color and why it matter," Julia Booms Memorial Lecture, Harvard University.
- 2016 "The evolution and meanings of human skin color," Deans Advisory Council Interdisciplinary Lecture, Appalachian State University, Boone.
- 2016 "The evolution of human skin pigmentation, and its implications for health and social wellbeing," The Tracy and Ruth Storer Lectureship in the Life Sciences, University of California at Davis.
- 2016 "The illusion of race," Keynote Address, Centenary Symposium in Honor of the Abolition of Cuban Slavery, Casa de las Americas, Havana, Cuba.
- 2016 "Evolution of human skin and skin pigmentation, and their ramifications for health, social interactions, and well-being," Department of Medical Genetics and Society of Human Genetics, Medical University of Havana, Cuba.
- 2015 "The evolution of human skin pigmentation and its relevance to human health," Evelyn Spritz Lecture, Department of Human Medical Genetics and Genomics, University of Colorado at Denver.
- 2015 "Naked, colorful skin and its role in human social interactions," Lecture in the CARTA Symposium, Unique Features of Human Skin, Salk Institute, La Jolla.
- 2015 "The evolution of skin colour and why it matters," Dean's Lecture, Faculty of Science, University of Cape Town
- 2015 "Paradoxes of pigmentation: Human evolution sheds light on why cosmetic outcomes are at odds with human physiology," Keynote Address, Cosmetic Bootcamp 2015, Aspen.
- 2015 "The evolution of skin pigmentation and its consequences for health," 2015 James N. Gilliam Lecture, University of Texas Southwestern Campus, Department of Dermatology, Dallas.

- 2015 "Human skin color: Its evolution and relevance to health and human society," The 2345th meeting of The Philosophical Society of Washington, Washington, D.C.
- 2015 "Skin pigmentation is relevant to everything that physical anthropologists aspire to do," Luncheon address to the 84th annual meeting of the American Association of Physical Anthropologists, St. Louis.
- 2014 "Human skin pigmentation: Its evolution and relevance to health and human society," 13th Gustav Heinrich Ralph von Koenigswald Lecture, Senckenberg Forschungsinstitut und Naturmuseum, Frankfurt am Main
- 2014 "The colors of human skin," Penn Humanities Forum, University of Pennsylvania
- 2014 "Natural selection and the evolution of skin pigmentation phenotypes." Keynote lecture, International Pigment Cell Conference, Singapore.
- 2014 "The evolution of Asian primates: 55 million years of speciation, extinction, dispersal, isolation, and adaptation fueled by environmental change." Plenary lecture, International Primatological Society, Hanoi, Vietnam.
- 2014 "You're looking good! Evolutionary and anthropological perspectives on the importance of human facial appearance." Keynote lecture, Cosmetic Bootcamp Summer Meeting 2014, Aspen.
- 2014 "Skin pigmentation: Its evolution and meanings in the modern world," Heidelberg Forum Science and Society, European Molecular Biology Laboratory, Heidelberg.
- 2014 "Vitamin D and human health: an evolutionary perspective," Vitamin D and Human Health, Queen Mary University, London.
- 2014 "The evolution of naked, sweaty, smelly, and colorful human skin," Monell Chemical Senses Center, Philadelphia.
- 2013 "Why human skin comes in colors and why it matters," Explorer Lecture Series, Cleveland Museum of Natural History.
- 2013 "The beauty of the human rainbow: The evolution of human skin color," Featured keynote lecture, (Xlth Annual) Festival of Science, Genoa, Italy.
- 2013 "Skin pigmentation and the vitamin D compromise: Implications for life in an urbanized world," Director's Leadership Lecture Series, Institute of Social Research, University of Michigan.
- 2013 "Examining the biology of health and health disparities in South Africa: New evidence for the role of vitamin D," invited guest lecture to caucus of the Members of Parliament of the Democratic Alliance Party, South Africa.
- 2013 "Beyond Skin," Keynote Lecture for the DNA Summit 2013, London.
- 2013 "The evolution of human skin pigmentation and its implications for health in the modern world," Keynote Lecture for the Sun Protection Conference 2013, London.
- 2013 "Human skin: Naked, sweaty, colorful, and decorated," Inaugural Lecture for the Irish Skin Foundation, Dublin.
- 2013 "The evolution and meanings of skin pigmentation," Topical Lecture for the Annual Meeting of the American Association for the Advancement of Science. Boston, MA.
- 2012 "The evolution of skin and skin color...and what it means to you," Exxon Mobil Research Club, Hampton, NJ.
- 2012 "Skin: Its biology in black and white," First Annual Philip V. Tobias Memorial Lecture for the Palaeontological Scientific Trust (8th PAST/Standard Bank Lecture), Soweto Theatre, Johannesburg.
- 2012 "Skin pigmentation: Its evolution and meaning in the modern world," Fourth Annual Darwin Seminar, University of Cape Town.
- 2012 "The evolution of human skin and skin color," Grand Rounds, Organogenesis, Inc., Canton, MA.
- 2012 "The evolution of skin," Leakey Foundation Lecture, A SciCafe Presentation, American Museum of Natural History, New York.
- 2012 "Exploring the biological and social meanings of skin color," Invited lecture for NYC area science educators, American Museum of Natural History (Gottesberg Center for Science Teaching and Learning), New York.
- 2012 "In living color: The evolution and meanings of human skin color," University Lecture, University of Iowa.
- 2012 "Living color: The biological and social meaning of skin color," Featured lecture in association with the exhibit, "RACE: Are We So Different?," Science Museum of Virginia, Richmond.

2012 “The evolution of human skin pigmentation by natural selection,” 10th Annual Darwin Day Lecture, Frankling & Marshall College, Lancaster (PA).

Media Appearances Related to Research (last five years):

1. The Root and Roots Show with Greg Rasheed, 30-minute interview about skin color and racism, “The meaning of skin color,” <http://www.blogtalkradio.com/rootandroots/2015/01/16/the-meaning-of-skin-color>, 16 January 2015.
2. Sunday Night Safran, Australian Broadcasting Corporation, 10-minute interview about human skin and skin color; <http://player.fm/series/sunday-night-safran-13039/nina-jablonski-kate-forsyth-and-khaled-khalafalla>. 3 April 2013.
3. Life Matters, Australian Broadcasting Corporation, 15-minute interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://www.abc.net.au/radionational/programs/lifematters/skin-colour/4560634>. 11 March 2013.
4. The Jefferson Exchange, Southern Oregon Public Radio, Two-hour interview about *Living Color: The Biological and Social Meaning of Skin Color*: [http://ec.libsyn.com/p/e/b/a/eba97a629c005c45/The Jefferson Exchange 03 14 2013 Hour 2.mp3?d13a76d516d9dec20c3d276ce028ed5089ab1ce3dae902ea1d01ce833fd2ce5d3757&c_id=5489579](http://ec.libsyn.com/p/e/b/a/eba97a629c005c45/The%20Jefferson%20Exchange%2003%2014%202013%20Hour%202.mp3?d13a76d516d9dec20c3d276ce028ed5089ab1ce3dae902ea1d01ce833fd2ce5d3757&c_id=5489579), 14 March 2013.
5. WAMC Academic Minute, on “Evolution and skin color”: <http://www.wamc.org/post/dr-nina-jablonski-penn-state-university-evolution-and-skin-color>, 7 February 2013.
6. Tonic with Dr. Norman Swan, Australian Broadcasting Corporation, 15-minute television interview on the biological and social meanings of skin color. 15 February 2013.
7. National Institutes of Health, Office of Behavioral and Social Science Research, Interview on how lifestyle and skin color impact health and psychological wellbeing: <http://obssr.od.nih.gov/video/jablonski/index.aspx>, 4 February 2013.
8. Culture Shocks (with Barry Lynn), Interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://www.cultureshocks.com/shows/2013/01/07/joe-mozingo-nina-jablonski/>, 7 January 2013.
9. The Roundtable/WAMC Radio, Northeast Public Radio, Interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://wamc.org/post/living-color-biological-and-social-meaning-skin-color>
10. Focus, WILL Radio, Interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://will.illinois.edu/focus/program/living-color-the-biological-and-social-meaning-of-skin-color>, 2 November 2012.
11. THE GIST/Michelangelo Signorile (Sirius XM Radio), Interview about *Living Color: The Biological and Social Meaning of Skin Color*, 17 October 2012.
12. Think with Krys Boyd, KERA, Interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://www.kera.org/2012/10/15/the-biological-and-social-meaning-of-skin-color/>, 15 October 2012.
13. Joy Cardin Show, WPR, Madison, One-hour Interview about *Living Color: The Biological and Social Meaning of Skin Color*: http://wpr.org/webcasting/audioarchives_display.cfm?Code=jca&StartRow=1&keyword=Jablonski&highlight=on, 15 October 2012.
14. Perspective, K-State Public Radio, Interview about *Living Color: The Biological and Social Meaning of Skin Color*, 15 October 2012.
15. All Sides with Ann Fisher/WOSU, Columbus, Interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://wosu.org/2012/allsides/living-color-impact-of-skin-color-on-social-interactions/>, 4 October 2012
16. Tavis Smiley Show (NPR), 15-minute Interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://www.tavissmileyradio.com/nina-jablonski-living-color/>, 28 September 2012.
17. 702 Talk Radio (Johannesburg, South Africa) with Jenny Crws-Williams, live broadcast one-hour interview aired on Monday 17 September 2012. http://www.702.co.za/podcast/podcast_bestofjenny.asp
18. 180 with Bob show (Johannesburg, South Africa), live broadcast of 10-minute interview on Tuesday 18 September 2012.

Public and Broadcast Interviews of Scientists:

- 2006 John McPhee, "City Arts and Lectures" Series of the City of San Francisco
- 2005 Jared Diamond, "City Arts and Lectures" Series of the City of San Francisco
- 2003 Steven Pinker, "City Arts and Lectures" Series of the City of San Francisco
- 2002 Paul Ekman, "City Arts and Lectures" Series of the City of San Francisco

Other Public Education and Service (including documentaries) (last five years):

- 2015 Primary scientific consultant and featured interviewee for BBC Documentary, "In Search of Colour: The Colours of Life", for release in late 2015: <http://www.bbc.co.uk/programmes/p02vmwbt>
- 2015 Primary scientific consultant and featured interviewee for Howard Hughes Medical Institute, Biointeractive Short Video Series, "The Biology of Skin Color," downloadable in multiple formats, with supporting educational materials also available. Root link: <https://www.hhmi.org/biointeractive/biology-skin-color>
- 2012 National Institutes of Health, Office of Behavioral and Social Sciences video interview on skin color and health, with full transcript: <https://obssr.od.nih.gov/video/>; <https://obssr.od.nih.gov/video/jablonski/index.aspx>

Administrative Experience (last five years):

- 2015 onward Associate Director, The Huck Institutes of the Life Sciences, The Pennsylvania State University, with responsibilities for facilitating collaboration between the life sciences and the social and behavioral sciences, and for enhancing integration of the social and behavior sciences and basic biomedical research into medical education.
- 2013 onward Convener, STIAS Long-term Project, "Being Human Today: The Effects of Race" (for 2013-2018); advising on the disbursement of approximately ZAR 3,000,000 provided by the Knut and Alice Wallenberg Foundation and Riksbankens Jubileumsfond, Sweden. Responsibilities include coordinating the activities of a 10-member team of international senior scholars and administering a grant solicitation for junior investigators, working on issues of race and public policy in South Africa and throughout Africa.
- 2012 onward Convener, Genetics and Genealogy Working Group (National Evolutionary Synthesis Center [NESCent], Durham, NC). Responsibilities include leading a team of 31 scholars and professionals in the development of curricula in genetics and genealogy for middle school, high school and undergraduate students, especially from traditionally underrepresented minorities.

Grant Reviewer for:

The Leakey Foundation
National Environmental Research Council (U.K.)
National Geographical Society
National Research Foundation of South Africa
National Science Foundation
Natural Sciences and Engineering Research Council of Canada
Primate Conservation International
Wildlife Conservation Society
