

**Curriculum vitae: Nina Grace JABLONSKI**  
**(Revised 26 March 2016)**

**Personal Information:**

Office address	Department of Anthropology, The Pennsylvania State University, 409 Carpenter Building, University Park, Pennsylvania 16802, U.S.A.
Office telephone number	1 (814) 865-2509
Office fax number	1 (814) 863-1474
Electronic mail address	<a href="mailto:ngj2@psu.edu">ngj2@psu.edu</a>
Institutional web page	<a href="http://anth.la.psu.edu/research/jablonski-lab">http://anth.la.psu.edu/research/jablonski-lab</a>
Personal web page	<a href="http://www.personal.psu.edu/ngj2/blogs/nina_jablonski/">http://www.personal.psu.edu/ngj2/blogs/nina_jablonski/</a>

**Educational Background:**

1981	Ph.D., University of Washington (Anthropology); Title of dissertation: Functional Analysis of the Masticatory Apparatus of <i>Theropithecus gelada</i> (Primates: Cercopithecidae)
1978	Ph.C., University of Washington (Anthropology)
1975	A.B., Bryn Mawr College (Biology)

**Language Competency:**

Putonghua (Mandarin Chinese)	Written and conversational
German	Written
Latin	Written

**Major Research Interests:**

- Primate, including human, evolution, with emphasis on interpretation of the fossil record in relation to environmental change
- Evolution of human skin and skin pigmentation, and their ramifications for health, social interactions, and well-being
- Public education about human evolution, human diversity, and racism

**Academic Honors:**

2015	Elected as Member, American Academy of Arts & Sciences
2014	Appointed as Permanent Visiting Fellow of the Stellenbosch Institute for Advanced Study (STIAS)
2014	Appointed Evan Pugh Professor of Anthropology at The Pennsylvania State University
2014-2015	Elected as Chair, Section H (Anthropology), American Association for the Advancement of Science
2012	Recipient, John Simon Guggenheim Foundation Fellowship
2011	Elected as Fellow, Royal Society of Biology (U.K.)
2010	D. Phil. ( <i>Honoris Causa</i> ), Stellenbosch University, South Africa
2010	Elected Member-at-large for Section H (Anthropology), American Association for the Advancement of Science
2009	Elected as Member, American Philosophical Society
2007	W.W. Howells Award of the American Anthropological Association for best book in biological anthropology for 2007 for <i>Skin: A Natural History</i>
2005	Recipient, Alphonse Fletcher Sr. Fellowship
2002	Elected as Fellow, American Association for the Advancement of Science

- 2001-2002 Elected as President (2001-2002), Pacific Division, American Association for the Advancement of Science
- 1996 Elected as Fellow, California Academy of Sciences
- 1994 Appointed as Member, Primate Specialist Group for Asia, Species Survival Commission, IUCN
- 1991 Appointed as Honorary Researcher, Kunming Institute of Zoology, Chinese Academy of Sciences

**Scholarships and Fellowships:**

- 2012 Guggenheim Fellowship (\$40,000 award), for the project, "Naturalistic Studies of the Dynamics of Vitamin D Status in Human Populations"
- 2005 Alphonse Fletcher Sr. Fellowship (\$50,000 award), for the project "Improving the Public Understanding of the Biological and Social Meaning of Skin Color"
- 1998 J. William Fulbright Senior Scholarship (for research and teaching in Nepal)
- 1978-1979 Smithsonian Institution Predoctoral Fellowship
- 1972-1975 Bryn Mawr College Regional Scholarship
- 1972-1974 Buffalo Foundation Scholarship

**Current Major Academic Positions:**

Evan Pugh University Professor of Anthropology, The Pennsylvania State University (University Park)  
Director, Center for Human Evolution and Diversity, The Pennsylvania State University (University Park)  
Associate Director, The Huck Institutes of the Life Sciences, The Pennsylvania State University (University Park)  
Permanent Visiting Fellow, Stellenbosch Institute for Advanced Study (STIAS), Stellenbosch, South Africa  
Convener, Stellenbosch Institute for Advanced Study (STIAS) Long-Term Initiative on "Being Human Today: The Effects of Race" (2013-2018) <http://stias.ac.za/news/2013/09/stias-long-term-project-being-human-today-the-effects-of-race/>  
Convener, Genetics and Genealogy Working Group (National Evolutionary Synthesis Center [NESCent], Durham, NC)

**Current Major Advisory Board Positions:**

Member, Scientific Executive Committee, The Leakey Foundation (appointed 2016)  
Member, Scientific Advisory Board, L'Oréal Research and Innovation (2013-2016 Term; renewed for 2016-2019).  
Member, Board of Behavioral, Cognitive and Social Sciences, National Research Council, National Academy of Sciences (2010-2013 Term; renewed for 2014-2017)

**Current External Research Grant Supervisory Positions:**

Principal Investigator, "Finding your roots: using a personalized genetics and genealogy approach to foster interest and participation in the health sciences in middle school-aged youth" (Rockefeller Foundation Grant 2015 PRE 310, December 2015 through July 2017)

Principal Investigator, "Using a personalized genetics and genealogy approach to improve learning outcomes in the health sciences in middle school-aged youth" (Robert Wood Johnson Foundation Grant 31469, July 2015 through June 2018)

Principal Investigator, "Variation in human hair morphology within and among human populations" (NSF BCS Grant 1453571; February 2015 through January 2016)

Convener, Stellenbosch Institute for Advanced Study (STIAS) Long-Term Initiative on "Being Human Today: The Effects of Race" (2013-2018)

Principal Investigator, "Paleobiogeography, paleoecology, and continued investigation of a diverse, terminal Miocene, primate-bearing fauna from southern China" (NSF BCS Grant 1227927; August 2012 through July 2015)

**Previous Academic Positions Held:**

*Major (regular salaried positions):*

- 2011-2014 Distinguished Professor of Anthropology, The Pennsylvania State University (University Park)
- 2006-2011 Head, Department of Anthropology, The Pennsylvania State University (University Park)
- 1998-2006 Irvine Chair of Anthropology, Curator of Anthropology, and Head of the Department of Anthropology, California Academy of Sciences (since December, 1994)
- 1995-1998: Irvine Chair of Anthropology, Associate Curator of Anthropology, and Chair of the Department of Anthropology, California Academy of Sciences
- 1990-1994: Senior Lecturer, Department of Anatomy and Human Biology, The University of Western Australia (tenured 16 September 1993)
- 1981-1990: Lecturer, Department of Anatomy, University of Hong Kong, (substantive [tenured] contract awarded in 1983)

*Minor:*

- 1998-2006 Consulting Professor, Department of Anthropological Sciences, Stanford University
- 1997-2004 Consulting Professor, Department of Biological Sciences, Stanford University
- 1997-2006 Research Professor, Department of Biological Sciences, San Francisco State University
- 2003-2006 Adjunct Faculty Member, Department of Anthropology, University of California at Santa Cruz
- 1998 Visiting Fulbright Professor, Department of Geology, Tribhuvan University, Kathmandu, Nepal
- 1997-1998 Consulting Associate Professor, Department of Biological Sciences, Stanford University
- 1998-2002 Consulting Associate Professor, Department of Anthropology Sciences, Stanford University
- 1989-1990 Research Associate, Oral Biology Unit, Prince Philip Dental Hospital, University of Hong Kong
- 1989 Instructor, Certificate Course in Sports and Health Sciences, Department of Extramural Studies, University of Hong Kong
- 1988-1994 Guest Researcher of the Academia Sinica, Joint Laboratory of Primatology of the Kunming Institute of Zoology and the Yunnan National Laboratory Primate Center of China
- 1981-1990 Internal Examiner for M.B., B.S. First and Second Examinations, University of Hong Kong
- 1981-1990 Internal Examiner for B.D.S. First Examination, University of Hong Kong
- 1980-1981 Teaching Assistant, Department of Biological Structure, University of Washington
- 1980 Instructor, Department of Anthropology, University of Washington
- 1979-1980 Honorary Research Associate, Department of Anatomy, University of Hong Kong
- 1979 Instructor, Department of Anthropology, University of Washington
- 1979 Teaching Assistant, Department of Biological Structure, University of Washington
- 1978-1979 Predoctoral Fellow, Division of Vertebrate Zoology, National Museum of Natural History, Smithsonian Institution
- 1976-1978 Teaching Assistant, Department of Anthropology, University of Washington

**Competitive Grants (last ten years):**

- 2015 Rockefeller Foundation Grant (award number 2015 PRE 310, \$167,676), "Finding your roots: using a personalized genetics and genealogy approach to foster interest and participation in the health sciences in middle school-aged youth"
- 2015 Robert Wood Johnson Foundation Grant (award number 31469, \$343,752), "Using a personalized genetics and genealogy approach to improve learning outcomes in the health sciences in middle school-aged youth"
- 2015 NSF BCS Grant (award number 1453571, \$82,400.00), "Variation in human hair morphology within and among human populations" (PI; Mark D. Shriver and Sandra Koch, Co-PI's)
- 2013 Knut and Alice Wallenberg Foundation and Riksbankens Jubileumsfond, Sweden (ZAR 3,000,000 to the Stellenbosch Institute for Advanced Study (STIAS) for the project "Being Human in a Post-modern World: The Effects of Race" (Co-PI); <http://stias.ac.za/news/2013/09/stias-long-term-project-being-human-today-the-effects-of-race/>)

- 2012 National Evolution Synthesis Center (NESCent) award to support three Workshops on, "Using Genetics and Genealogy to Teach Evolution and Human Diversity" (PI)
- 2012 NSF BCS Grant (award number 1227927, \$89,019.00), "Collaborative Research: Paleobiogeography, paleoecology, and continued investigation of a diverse, terminal Miocene, primate-bearing fauna from southern China" (PI)
- 2011 National Evolution Synthesis Center (NESCent) award to support a Catalysis Meeting on, "Using Genetics and Genealogy to Teach Evolution and Human Diversity" (PI)
- 2010 NSF BCS Grant (award number 1035897, \$25,000), "Emergency Recovery and Preliminary Study of Catarrhine Primate Fossils from the Yongle Lignite Mine, Zhaotong, Yunnan Province, China (Co-PI)
- 2007 NSF HOMINID grant (award no. 0725227, \$212,553.00) in support of the five-year project, "Human Origins and the Molecular Genetic Basis of Craniofacial Evolution" (Co-PI)

**Graduate Students Currently Under Supervision (All in the Department of Anthropology at The Pennsylvania State University, except as stated):**

- Raining Wang, Ph.D. candidate. Supervisory role: Member of supervisory committee; expected date of completion: May 2018.
- J. Cecilia Cárdenas-Navia, Ph.D. candidate, Department of History of Science and Medicine, Yale University. Supervisory role: Member of supervisory committee; expected date of completion: May 2018.
- Allison Machnicki, Ph.D. candidate. Supervisory role: Member of supervisory committee; expected date of completion: May 2018.
- Richard Bankoff, Ph.D. candidate (in the dual degree program in Anthropology and Bioethics). Supervisory role: Member of supervisory committee; expected date of completion: May 2017.
- Sandra Koch, Ph.D. candidate, Supervisory role: Chair of the supervisory committee; expected date of completion: May 2017.
- Sukhdeo, Simone. Ph.D. candidate. Supervisory role: Member of supervisory committee; expected date of completion: May 2016.
- Kelsey Kjosness. Ph.D. candidate. Supervisory role: Member of supervisory committee; expected date of completion: May 2017.
- Hsin-Yu Chen, Ph.D. candidate, Department of Leisure Studies, Penn State (University Park). Supervisory role: Co-chair of supervisory committee; expected date of completion: May 2016.
- Vivek Venkataraman, Ph.D. candidate, Anthropology, Dartmouth College. Supervisory role: External member of supervisory committee; expected date of completion: May 2015.
- Stevie Carnation. Ph.D. candidate, Anatomical Sciences, Stony Brook University. Supervisory role: External member of supervisory committee; expected date of completion: May 2015.

**Graduate Degrees Supervised (last ten years):**

- Amélie Beaudet, Ph.D. (2015) Caractérisation des structures crânio-dentaires internes des cercopithécoïdes et étude diachronique de leurs variations morphologiques dans la séquence Plio-Pléistocène sud-africaine, University of Toulouse III. Supervisory role: Member of supervisory committee.
- Hill, Alexander. Ph.D. (2013) Sexual selection and vocalization in humans and nonhuman anthropoid primates. Supervisory role: Member of supervisory committee.
- Swiatonowski, Anna., M.S. (2013) Comparing von Luschan skin color tiles and modern spectrophotometry for measuring human skin pigmentation. Supervisory role: Chair of supervisory committee.
- Swain, W. Jeffrey, Ph.D. (2013) The impact of the social web on identity and community: An ethnographic study of a community of runners. College of Education, The Pennsylvania State University. Supervisory role: Member of supervisory committee.
- MacGill, Clayton, Ph.D. (2013) High-resolution reconstruction of early human habitats at FLK Zinjanthropus, Olduvai Gorge, using lipid biomarker and isotope signatures. (Geosciences and Biogeochemistry). Supervisory role: External member of supervisory committee.

- Pearson, Laurel, Ph.D. (2012) Genetic contributions to disparities in preterm birth among African-American women. Genetics Program, The Pennsylvania State University. Supervisory role: Member of supervisory committee.
- Rogers, Megan, M.S. (2012) Using genomic ancestry and demographic variables to study perception in human faces. Genetics Program, The Pennsylvania State University. Supervisory role: Committee member.
- Liberton, Denise, Ph.D. (2012) An investigation into genes underlying normal variation in facial morphology in admixed populations. Department of Anthropology, The Pennsylvania State University. Supervisor role: Committee member.
- Frazier, Brenda, Ph.D. (2011) The cranial morphology of dwarf primate species. Department of Anthropology, The Pennsylvania State University. Supervisor role: Committee member.
- Wagner, Jennifer, Ph.D. (2010) Implications of DNA ancestry tests. Ph.D., Department of Anthropology, The Pennsylvania State University. Supervisor role: Committee member.
- Quillen, Ellen, Ph.D. (2010) Identifying genes related to indigenous American-Specific changes in skin pigmentation. Ph.D., Department of Anthropology, The Pennsylvania State University. Supervisor role: Committee member.
- Jin, Joohyun, Ph.D. (2010) Zooarchaeological and taphonomic analysis of the faunal assemblage from Tangzigou, Southwestern China. Ph.D., Department of Anthropology, The Pennsylvania State University. Supervisor role: Primary supervisor.

**Undergraduate Teaching (Penn State only, since 2006):**

**ANTH 215, Skin;** 3 credits; Exploration of the evolution and cultural significance of human skin, including skin color and body adornment. SRTE (Spring 2010): Mean course rating: 6.61, Mean instructor rating: 6.82, 82.4% responded out of 33 enrolled.

**ANTH 405, Primatology;** 3 credits; Exploration of the evolution, ecology, and behavior of Primates. SRTE (Spring 2009): Mean course rating: 6.62, Mean instructor rating: 6.69, 76.4% responded out of 17 enrolled; SRTE (Spring 2008): Mean course rating: 6.29, Mean instructor rating: 6.59, 73.9% responded out of 23 enrolled.

**ANTH 40-H, Biocultural Evolution;** 3 credits; Examination of evolutionary models of the development of the human capacity for culture, and of culture as an adaptive mechanism. SRTE (Spring 2012): Mean course rating: 6.75, Mean instructor rating: 7, 42.1% responded, Enrollment: 19; SRTE (Spring 2012): Mean course rating: 6.67, Mean instructor rating: 6.89, 81.8% responded, Enrollment: 11; SRTE (Spring 2014): Mean course rating: 7, Mean instructor rating: 6.75, 40% responded, Enrollment: 10; SRTE (Fall 2014): Mean course rating: 6.29, Mean instructor rating: 6.71, 44% responded, Enrollment: 16.

**Undergraduate Teaching (Prior to 2006):**

**1996-2006:** Stanford University; While Curator at the California Academy of Sciences, taught courses in Primate Evolution and Ecology (Spring 2004, Spring 2005, and Spring 2006) and Principles and Practice of Biosystematics (Spring 1999, Spring 2003).

**1990-1994:** The University of Western Australia, Faculty of Science: Coordinated and taught courses in Human Structure and Function, Human Development, and Advanced Topics in Human Biology for human biology majors, and contributed to teaching of Introduction to Human Biology (all years)

**1981-1990:** University of Hong Kong, Faculty of Medicine: Coordinated and taught courses in Human Gross Anatomy for medical and dental students, Functional Human Anatomy for sports medicine students, and contributed to teaching of Human Embryology and Human Growth and Development for medical students (all years).

**Journal Editorial Appointments:**

*Current:*

2015 onward Associate Editor, *Evolution, Medicine, and Public Health*  
 2014 onward Associate Editor, *Primate Biology*  
 2000 onward Associate Editor, *Folia Primatologica*  
 1999 onward Editor and Academic Advisor, Cambridge University Press, Biological and Evolutionary Anthropology series

*Occasional:*

2007, 2013, 2014, 2015: Guest Editor, *Proceedings of the National Academy of Sciences*

*Past:*

2003 – 2005: Associate Editor, *Journal of Human Evolution*  
 1999 - 2001: Associate Editor, *Journal of Human Evolution*  
 1986-2007: Board of Reviewing Editors, *Human Evolution*  
 1988 - 1997: Editor-in-Chief, *East Asian Tertiary/Quaternary Newsletter*  
 1992 - 1994: Associate Editor, *Perspectives in Human Biology*  
 1992 - 1994: Editorial Board, *Australian Primatology*

*Special journal issues edited:*

2005 Special Issue Editor, *Proceedings of the California Academy of Sciences* (volume entitled *Biodiversity: Past, Present and Future*)  
 2005 Special Issue Co-Editor (with Michael Ghiselin) *Proceedings of the California Academy of Sciences* (volume entitled *The Future of Taxonomy*)  
 2004 Special Issue Editor, *Quaternary International*  
 1991 Guest Editor of Special Double Issue on Chinese primates, *Folia Primatologica*

**Publications:**

**Articles in peer-reviewed journals or edited and peer-reviewed volumes:**

1. **Jablonski, N.G.** (in press) Prologue: An anthropological perspective on facial attractiveness and expressivity, In: Benedetto, A. *Botulinum Toxins in Clinical Aesthetic Practice*, Third Edition. CRC Press.
2. Kelley, E.A., **Jablonski, N.G.**, Chaplin, G., Sussman, R.W. (in press) Behavioral thermoregulation in *Lemur catta*: The significance of sunning and huddling behaviors. *Amer. J. Primatol.*
3. **Jablonski, N.G.** (in press) Koobi Fora. In: Elton, S.E., ed., *International Encyclopedia of Primatology*.
4. Bushman, B.J., Newman, K., Calvert, S.L., Downey, G., Dredze, M., Gottfredson, M., **Jablonski, N.G.**, Masten, A., Morrill, C., Neill, D.B., Romer, D. and Webster, D. (2016) Youth violence: What we know and what we need to know. *Amer. Psychologist* 71:17-39. [doi.org/10.1037/a0039687](https://doi.org/10.1037/a0039687).

**Field Experience:**

*Vertebrate paleontological surveys, excavations, and training:*

- |             |                                                                                                                                                                                                                                                                                                                                                       |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2007 onward | Leader, Vertebrate paleontological survey of late Miocene and early Pliocene sites in northern Yunnan Province, China; Current research field site is Shuitangba, near Zhaotong, in northeastern Yunnan, funded by the NSF                                                                                                                            |
| 2006        | Leader, Vertebrate paleontological survey and excavation of the Tangzigou Holocene habitation site, western Yunnan Province, China                                                                                                                                                                                                                    |
| 2005        | Leader, Vertebrate paleontological survey and excavation of cave and sinkhole sites of Pleistocene and Holocene age in western Yunnan Province, China; responsibilities included overall coordination of a large team comprising paleontologists, professional cave explorers, local assistants, and retrieval of large and small vertebrate remains. |
| 2004        | Member, Vertebrate paleontological survey of Plio-Pleistocene localities at Koobi Fora, Lake Turkana Basin, northwestern Kenya, headed by Meave Leakey                                                                                                                                                                                                |
| 2003        | Leader, Vertebrate paleontological survey and excavation at three Pleistocene and Holocene sites in western Yunnan Province, China; including wet- and dry-sieving for micromammal fossils                                                                                                                                                            |
| 2002        | Leader, Vertebrate paleontological survey of four sites and excavation at three Pleistocene and Holocene sites in western Yunnan Province, China; including wet-sieving for micromammal fossils                                                                                                                                                       |
| 1999        | Leader, Vertebrate paleontological survey of Middle and Late Miocene Siwalik sites in western Nepal; including wet-sieving for micromammals                                                                                                                                                                                                           |
| 1998        | Leader, Vertebrate paleontological survey of Middle and Late Miocene Siwalik sites in eastern and western Nepal                                                                                                                                                                                                                                       |
| 1997        | Member, vertebrate paleontological survey of Late Miocene Siwalik sites in northern Pakistan, with team from Harvard University, headed by John Barry                                                                                                                                                                                                 |
| 1996        | Member, vertebrate paleontological survey of Middle and Late Miocene Siwalik sites in northern Pakistan, with team from Harvard University, headed by John Barry                                                                                                                                                                                      |
| 1987        | Member, vertebrate paleontological survey of Pleistocene localities in Olduvai Gorge, northern Tanzania, with team from the Institute of Human Origins, headed by Gerald Eck                                                                                                                                                                          |
| 1977-1981   | Member, vertebrate paleontological surveys of the Burke Museum of The University of Washington; included surveys of eastern Washington, western Montana, and western South Dakota, headed by James Martin                                                                                                                                             |
| 1976        | Graduate student field assistant, vertebrate paleontological survey of the John Day Formation, central Oregon, with the Burke Museum of The University of Washington, headed by John Rensberger                                                                                                                                                       |

*Ecological and behavioral surveys:*

- |      |                                                                                                                                                                 |
|------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1985 | Member, study of the feeding and locomotor behavior of <i>Tarsius bancanus</i> in the Sepilok Nature Reserve, Sabah, Western Malaysia, headed by Robin Crompton |
|------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|

**Conferences, Symposia and Lecture Series Organized:**

- |      |                                                                                                                |
|------|----------------------------------------------------------------------------------------------------------------|
| 2015 | Symposium, "Unique features of human skin," CARTA Symposium, Salk Institute, co-organized with Pascal Gagneux. |
|------|----------------------------------------------------------------------------------------------------------------|

- 2014 Symposium, "Geography and skin pigmentation disorders," International Pigment Cell Conference, 2014, Singapore (Role: Co-organizer and Co-chair); symposium sponsored by L'Oréal Research and Innovation.
- 2014 Symposium, "Neoracism and Scientific Racism in "Post-Racial" Societies," Annual Meeting of the American Association for the Advancement of Science, Chicago, IL. (Role: Primary organizer)
- 2014 Biennial Conference, International Primatological Society, Hanoi Vietnam; (Role: Member of program committee)
- 2013 Symposium, "Beyond Color: How Human Skin Interacts with Our World," Annual Meeting of the American Association for the Advancement of Science, Boston, MA.
- 2007 Symposium on, "What's New with Old Monkeys? Systematics, Phylogeny, and Paleobiology of Fossil Cercopithecids", for the Annual Meeting of the American Association of Physical Anthropologists (Co-Organizer, with S. Frost and E. Delson)
- 2005 Symposium on, "Ice Age Peoples of the Pacific Northwest", for the Annual Meeting of the Pacific Division of the American Association of the Advancement of Science.
- 2003 Symposium on, "Biogeography: Past, Present and Future", for the 150<sup>th</sup> anniversary celebration of the California Academy of Sciences, in collaboration with the Pacific Division of the American Association of the Advancement of Science.
- 2003 Symposium on, "The Future of Taxonomy", for the 150<sup>th</sup> anniversary celebration of the California Academy of Sciences, in collaboration with the Pacific Division of the American Association of the Advancement of Science.
- 2002 Academy Fellows Day: "New Views on Human Ethology", featuring Prof. I. Eibl-Eibesfeldt; events organized included a public lecture, reception, and half-day panel discussion
- 2002 Symposium on, "Island Biogeography, with a Pacific Flavor" for the annual meeting of the Pacific Division of the American Association of the Advancement of Science.
- 2002 Symposium on, "Peopling of the Pacific" for the annual meeting of the Pacific Division of the American Association of the Advancement of Science.
- 2002 Symposium for the annual meeting of the American Association of the Advancement of Science, "Solar UVR and its Effects on the Evolution of Life on Earth".
- 2001 Fifth International Conference on the Evolution of the East Asian Environment, Centre of Asian Studies, University of Hong Kong, November 2001
- 2000 "Shaping Primate Evolution", an international symposium to honor the career of Charles E. Oxnard, for the annual meeting of the American Association of Physical Anthropologists, co-organized with R. German
- 1999-2006 Conversations at the Herbst Theatre, City Arts And Lectures, Member of the Selection Committee for choosing speakers to be part of the series sponsored by the California Academy of Sciences
- 1999 "Recent Developments in Studies Relating to Human Evolution"  
Pacific Division, American Association of the Advancement of Sciences, symposium for Annual Meeting (San Francisco, 22 June 1999)
- 1999 "Museums, Universities and the Science of Biodiversity," an international symposium organized jointly between the California Academy of Sciences and Stanford University (co-organized with Drs. T. Gosliner, California Academy of Sciences and W. Watt, Stanford University)
- 1999 Lecture Series associated with "Missing Links Alive", an exhibit on human evolution at the California Academy of Sciences
- 1999 The Fourth Wattis Symposium in Anthropology at the California Academy of Sciences, "The First Americans: Pleistocene Colonization of the New World" (2 October 1999)
- 1998 onward "Human Origins Lecture Series", an internationally recognized series of noted speakers, organized jointly with the Leakey Foundation
- 1998 Rietz Food Technology Endowment Symposium, "Food, Health and Healing"
- 1997 The Third Wattis Symposium in Anthropology at the California Academy of Sciences, "The Origin and Diversification of Language"
- 1996 Rietz Food Technology Endowment Symposium, "Bread, A Language of Life"
- 1995 The Second Wattis Symposium in Anthropology at the California Academy of Sciences, "Beyond Art: Upper Paleolithic Image and Symbol"

- 1994 Symposium on "The Biology of the Snub-nosed Langurs" for the XVth International Congress of the International Primatological Society, Bali, August 1994
- 1991 Third International Conference on the Evolution of the East Asian Environment, Kunming, Yunnan, China; Co-sponsored by the Centre of Asian Studies of the University of Hong Kong and the Academia Sinica of the People's Republic of China
- 1990 *Theropithecus* as a Case Study in Primate Evolutionary Biology, Kings College, University of Cambridge, 9-12 April; Supported by the Wenner-Gren Foundation

**Professional Development Events Organized:**

- 2014 American Association of Physical Anthropologists, Mid-Career Women's Mentoring Workshop, co-organizer

**Major Invited Lectures (last ten years):**

- 2016 "The evolution of human skin color and why it matter," Julia Booms Memorial Lecture, Harvard University.
- 2016 "The evolution and meanings of human skin color," Deans Advisory Council Interdisciplinary Lecture, Appalachian State University, Boone.
- 2016 "The evolution of human skin pigmentation, and its implications for health and social wellbeing," The Tracy and Ruth *Storer* Lectureship in the Life Sciences, University of California at Davis.
- 2016 "The illusion of race," Keynote Address, Centenary Symposium in Honor of the Abolition of Cuban Slavery, Casa de las Americas, Havana, Cuba.
- 2016 "Evolution of human skin and skin pigmentation, and their ramifications for health, social interactions, and well-being," Department of Medical Genetics and Society of Human Genetics, Medical University of Havana, Cuba.
- 2015 "The evolution of human skin pigmentation and its relevance to human health," Evelyn Spritz Lecture, Department of Human Medical Genetics and Genomics, University of Colorado at Denver.
- 2015 "Naked, colorful skin and its role in human social interactions," Lecture in the CARTA Symposium, Unique Features of Human Skin, Salk Institute, La Jolla.
- 2015 "The evolution of skin colour and why it matters," Dean's Lecture, Faculty of Science, University of Cape Town
- 2015 "Paradoxes of pigmentation: Human evolution sheds light on why cosmetic outcomes are at odds with human physiology," Keynote Address, Cosmetic Bootcamp 2015, Aspen.
- 2015 "The evolution of skin pigmentation and its consequences for health," 2015 James N. Gilliam Lecture, University of Texas Southwestern Campus, Department of Dermatology, Dallas.
- 2015 "Human skin color: Its evolution and relevance to health and human society," The 2345<sup>th</sup> meeting of The Philosophical Society of Washington, Washington, D.C.
- 2015 "Skin Pigmentation is Relevant to Everything that Physical Anthropologists Aspire to Do," Luncheon address to the 84<sup>th</sup> annual meeting of the American Association of Physical Anthropologists, St. Louis.
- 2014 "Human skin pigmentation: Its evolution and relevance to health and human society," 13<sup>th</sup> Gustav Heinrich Ralph von Koenigswald Lecture, Senckenberg Forschungsinstitut und Naturmuseum, Frankfurt am Main
- 2014 "The Colors of Human Skin," Penn Humanities Forum, University of Pennsylvania
- 2014 "Natural selection and the evolution of skin pigmentation phenotypes." Keynote lecture, International Pigment Cell Conference, Singapore.
- 2014 "The evolution of Asian primates: 55 million years of speciation, extinction, dispersal, isolation, and adaptation fueled by environmental change." Plenary lecture, International Primatological Society, Hanoi, Vietnam.
- 2014 "You're looking good! Evolutionary and anthropological perspectives on the importance of human facial appearance." Keynote lecture, Cosmetic Bootcamp Summer Meeting 2014, Aspen.
- 2014 "Skin pigmentation: Its evolution and meanings in the modern world," Heidelberg Forum Science and Society, European Molecular Biology Laboratory, Heidelberg.

- 2014 "Vitamin D and human health: an evolutionary perspective," Vitamin D and Human Health, Queen Mary University, London.
- 2014 "The evolution of naked, sweaty, smelly, and colorful human skin," Monell Chemical Senses Center, Philadelphia.
- 2013 "Why human skin comes in colors and why it matters," Explorer Lecture Series, Cleveland Museum of Natural History.
- 2013 "The beauty of the human rainbow: The evolution of human skin color," Featured keynote lecture, (Xlth Annual) Festival of Science, Genoa, Italy.
- 2013 "Skin pigmentation and the vitamin D compromise: Implications for life in an urbanized world," Director's Leadership Lecture Series, Institute of Social Research, University of Michigan.
- 2013 "Examining the biology of health and health disparities in South Africa: New evidence for the role of vitamin D," invited guest lecture to caucus of the Members of Parliament of the Democratic Alliance Party, South Africa.
- 2013 "Beyond Skin," Keynote Lecture for the DNA Summit 2013, London.
- 2013 "The Evolution of Human Skin Pigmentation and Its Implications for Health in the Modern World," Keynote Lecture for the Sun Protection Conference 2013, London.
- 2013 "Human Skin: Naked, Sweaty, Colorful, and Decorated," Inaugural Lecture for the Irish Skin Foundation, Dublin.
- 2013 "The Evolution and Meanings of Skin Pigmentation," Topical Lecture for the Annual Meeting of the American Association for the Advancement of Science. Boston, MA.
- 2012 "The Evolution of Skin and Skin Color...and What it Means to You," Exxon Mobil Research Club, Hampton, NJ.
- 2012 "Skin: Its Biology in Black and White," First Annual Philip V. Tobias Memorial Lecture for the Palaeontological Scientific Trust (8<sup>th</sup> PAST/Standard Bank Lecture), Soweto Theatre, Johannesburg.
- 2012 "Skin Pigmentation: Its Evolution and Meaning in the Modern World," Fourth Annual Darwin Seminar, University of Cape Town.
- 2012 "The Evolution of Human Skin and Skin Color," Grand Rounds, Organogenesis, Inc., Canton, MA.
- 2012 "The Evolution of Skin," Leakey Foundation Lecture, A SciCafe Presentation, American Museum of Natural History, New York.
- 2012 "Exploring the Biological and Social Meanings of Skin Color," Invited lecture for NYC area science educators, American Museum of Natural History (Gottesberg Center for Science Teaching and Learning), New York.
- 2012 "In Living Color: The Evolution and Meanings of Human Skin Color," University Lecture, University of Iowa.
- 2012 "Living Color: The Biological and Social Meaning of Skin Color," Featured lecture in association with the exhibit, "RACE: Are We So Different?," Science Museum of Virginia, Richmond.
- 2012 "The Evolution of Human Skin Pigmentation by Natural Selection," 10<sup>th</sup> Annual Darwin Day Lecture, Frankling & Marshall College, Lancaster (PA).
- 2011 "Skin Color: Evolution and Significance," Smithsonian Members Lecture in association with the exhibit, "RACE: Are We So Different?," National Museum of Natural History, Smithsonian Institution.
- 2011 "Evolving Skin: The Remarkable History of our Largest Organ," Leakey Foundation Lecture Series, Field Museum of Natural History, Chicago.
- 2011 "The evolution of skin coloration", endowed Stanley Davidson Lecture of the Royal College of Physicians of Edinburgh (Scotland), Biennial Dermatology Symposium.
- 2011 "Why is our human skin so different from our hairy cousin, the chimp?" Featured thematic lecture, British Science Festival, Bradford (England).
- 2011 "Why Skin Color Matters: A Look at the Evolution and Meaning of our Most Visible Trait", Keynote address at the annual Student Scholar Day at Grand Valley State University, Allendale, Michigan.
- 2011 "The Evolution and Meaning of Human Skin Pigmentation", Distinguished Scientist and visiting Woman in Science lecturer, Bard College.
- 2010 "The Skin, a Universal Interface of Colour", LVMH Recherche, 10<sup>th</sup> Symposium, Paris, France.
- 2010 "The Evolution of Naked Skin in Humans", A. Watson Armour Seminar Series, Field Museum, Chicago.
- 2010 "Vitamin D Production as a Driving Force in the Evolution of Human Skin Pigmentation", Scottish Summit on Vitamin D and Multiple Sclerosis, Glasgow.

- 2010 "Human Skin Pigmentation as an Example of Adaptive Evolution", American Philosophical Society, Philadelphia.
- 2010 "Why Skin Comes in Colors", Annual Darwin Lecture, Stellenbosch Institute for Advanced Study, Stellenbosch, South Africa.
- 2010 "Natural Selection and the Evolution of Skin Pigmentation", Peter N. Horvath, M.D., Lecture, The Washington D.C. Dermatological Society.
- 2009 "The Skin that Makes us Human". In the Light of Evolution IV: The Human Condition, Arthur M. Sackler Colloquium of the National Academy of Sciences, University of California at Irvine.
- 2009 "Darwin's Birthday Suit: The Evolution of Human Skin Pigmentation". Distinguished Lecture in Evolutionary Anthropology, Duke University.
- 2009 "Darwin's Birthday Suit: The Evolution of Human Skin Pigmentation". Darwin Evolving Lecture Series, University of California, Los Angeles.
- 2009 "We Are All Connected". Centennial Commencement Address to the 2009 Class of the College of Liberal Arts, The Pennsylvania State University.
- 2009 "Darwin's Birthday Suit: The Evolution of Human Skin Pigmentation". Skomp Endowed Lecture in Anthropology, Indiana University, Bloomington, Indiana.
- 2009 "Darwin's Birthday Suit: The Evolution of Human Skin Pigmentation". Darwinfest, Arizona State University.
- 2009 "Darwin's Birthday Suit: The Evolution of Human Skin Pigmentation". Darwin Bicentennial Keynote Address, Ohio University.
- 2009 "Darwin's Birthday Suit". TED Conference, Long Beach, CA.
- 2008 "The Evolution of Human Skin Color", School of Advanced Research and Leakey Foundation Lecture, Santa Fe, NM.
- 2008 "The Evolution of Human Skin Color", Annual Westbrook Lecture, Wagner Free Institute of Science, Philadelphia, PA.
- 2007 "Living in Our Skin: The Biological and Social Meaning of Skin Color", Annual Common Ground Keynote Address, Skyline Community College, San Mateo, CA.
- 2007 "Primates in Touch", presented as part of "The Body Reconsidered", Pop!Tech 2007, Camden, ME
- 2007 "The Evolution of Human Skin and Skin Color", Keynote Address to the annual meeting of the Pan-American Society of Pigment Cell Research, Chicago, IL
- 2007 "The Evolution of Human Skin and Skin Color", as part of the University of California at San Diego symposium, "Explaining the Origin of Humans"
- 2006 "The Evolution of Human Skin Color", Annual Marie Worthington Lecture, Denver Museum of Natural History
- 2006 "The Evolution of Human Skin Color: Revisiting an Old Question with New Evidence", invited lecture in the Seventh Annual W. K. Hamilton Symposium, "Human Evolution", University of California at San Francisco.
- 2006 "The Evolution of Human Skin Color", Ohio State University Invited Lecturer, Department of Evolution, Ecology, Organismal Biology, and Department of Anthropology.

**Other Invited Presentations (last ten years):**

- 2016 "The evolution of primates in asia: 55 million years of speciation, extinction, dispersal, isolation, and adaptation fueled by environmental change," Research seminar, University of California at Davis, Department of Anthropology.
- 2015 "The evolution of human skin color and why it matters," Research seminar, Stony Brook University, Department of Ecology and Evolution.
- 2015 "Dermatologists and the social face," Research seminar, University of Texas Southwestern Campus, Department of Dermatology, Dallas.
- 2014 "Skin pigmentation and evolution," Colloquium honouring Gustav Heinrich Ralph von Koenigswald, Werner Reimers Stiftung, Frankfurt
- 2014 "Why appearance matters: Why looks always have been and still are important to people," University of Cape Town, Medical Faculty, Science Awareness Day presentation
- 2013 "Skin pigmentation and the evolution of the vitamin D compromise," Institute of Infectious Disease and Molecular Medicine, University of Cape Town.

- 2013 "The Evolution of Skin Pigmentation and its Implications for Dermatology and Health in the 21<sup>st</sup> Century," London Ethnic Skin Research Group.
- 2013 "Skin Pigmentation, Sunlight, and Vitamin D in the South African Context," STIAS Seminar Series, Stellenbosch.
- 2012 "Human skin pigmentation: Evolution and implications for disease," Stellenbosch University Faculty of Medicine invited noontime lecture (co-authored with George Chaplin).
- 2012 "Human skin pigmentation: Its evolution and meaning in the modern world," STIAS Lecture Series, Stellenbosch University.
- 2012 "Human Skin Pigmentation: Evolution and Implications for Disease Susceptibility," Invited Lecture, Departments of Human Biology and Dermatology, University of Cape Town (co-authored with George Chaplin).
- 2012 "The Mio-Pliocene Colobine Monkey, *Mesopithecus*, in China," New York Consortium on Evolutionary Primatology, Seminar, CUNY.
- 2012 "Why skin color evolved and why it matters," University of Iowa Public Education Series.
- 2012 "Geomorphology, environmental change, and the fate of Yunnan's biotas in the Tertiary and Quaternary" U.S.-China Workshop on Critical Transitions, sponsored by the National Science Foundation, Los Angeles County Natural History Museum.
- 2011 "The Evolution and Meaning of our Most Noticeable Trait, Skin Colour," Joint meeting of the Kenya Museum Society and Nairobi National Museum, Nairobi, Kenya.
- 2011 "Living Color: Exploring the Evolution and Meanings of Human Skin Color," The Birla Institute of Technology & Science, BITS Pilani Campus, Lecture delivered online.
- 2011 "The Biological and Social Meanings of Human Skin Pigmentation," Lecture to the Board on Behavioral, Cognitive, and Sensory Sciences, National Research Council, National Academy of Sciences, Washington, D.C.
- 2010 "What did they look like? Investigating the physical appearance of people in the ancient circum-Mediterranean and Egypt", Archaeological Institute of America, Central Pennsylvania Chapter.
- 2009 "The Evolution of Monkeys and Apes in Relation to the Changing Landscapes and Environments of the Late Tertiary and Quaternary", Earthtalks Seminar Series, Department of Geosciences, Penn State University.
- 2009 "Skin as Interface: The Evolution of Human Skin and Skin Pigmentation", Seminar, Department of Biology, University of Rome (Tor Vergata Campus)
- 2009 "Skin as Interface: The Biological and Social Significance of Human Skin", Fall Lecture Series, Center for the Family in Diverse Contexts, Penn State University.
- 2009 "The Evolution and Significance of Human Nakedness", Behavior, Evolution, and Culture Program Seminar Series, University of California, Los Angeles.
- 2009 "My Life as a Primate", Invited keynote address, Graduate Women in Science, Penn State Chapter.
- 2008 "The Monkey's Tale: Why Old World Monkeys Succeeded When Apes Failed", Department of Anatomical Sciences, Stony Brook University, Stony Brook, NY.
- 2008 "The Evolution of Human Skin and Skin Color", invited lecture, Department of Anthropology, Stony Brook University, Stony Brook, NY.
- 2008 "The Evolution of Human Skin and Skin Color", invited lecture, Department of Anthropology, Washington University, St. Louis.
- 2008 "The Evolution of Human Skin and Skin Color", invited lecture, Department of Anthropology, University of Buffalo.
- 2007 "The Evolution of Human Skin and Skin Color", invited lecture, Department of Neurobiology, The Pennsylvania State University, Hershey, PA.
- 2007 "The Evolution of Human Skin Color: Meeting Place of Geography and Physiology", invited "Coffee Hour" presentation to the Department of Geography, The Pennsylvania State University.
- 2007 "Your Skin, Warts and All", invited presentation for "Research Unplugged", an informal forum about research, The Pennsylvania State University
- 2007 "The Natural History of Human Skin", invited lecture in the 2007 Palaeo Speakers Series, National Museums of Kenya, Nairobi.

- 2006 “The Natural History of Human Skin”, invited Leakey Foundation lecture, held at the California Academy of Sciences, San Francisco.
- 2006 “A Primate Studying Primates (and Other Things)”, invited lecture to The Association of Women in Science San Francisco Chapter and Amgen Women’s Interactive Center.

**Media Appearances Related to Research:**

1. The Root and Roots Show with Greg Rasheed, 30-minute interview about skin color and racism, “The meaning of skin color,” <http://www.blogtalkradio.com/rootandroots/2015/01/16/the-meaning-of-skin-color>, 16 January 2015.
2. Sunday Night Safran, Australian Broadcasting Corporation, 10-minute interview about human skin and skin color; <http://player.fm/series/sunday-night-safran-13039/nina-jablonski-kate-forsyth-and-khaled-khalafalla>. 3 April 2013.
3. Life Matters, Australian Broadcasting Corporation, 15-minute interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://www.abc.net.au/radionational/programs/lifematters/skin-colour/4560634>. 11 March 2013.
4. The Jefferson Exchange, Southern Oregon Public Radio, Two-hour interview about *Living Color: The Biological and Social Meaning of Skin Color*: [http://ec.libsyn.com/p/e/b/a/eba97a629c005c45/The Jefferson Exchange 03 14 2013 Hour 2.mp3?d13a76d516d9dec20c3d276ce028ed5089ab1ce3dae902ea1d01ce833fd2ce5d3757&c\\_id=5489579](http://ec.libsyn.com/p/e/b/a/eba97a629c005c45/The%20Jefferson%20Exchange%2003%2014%202013%20Hour%202.mp3?d13a76d516d9dec20c3d276ce028ed5089ab1ce3dae902ea1d01ce833fd2ce5d3757&c_id=5489579), 14 March 2013.
5. WAMC Academic Minute, on “Evolution and skin color”: <http://www.wamc.org/post/dr-nina-jablonski-penn-state-university-evolution-and-skin-color>, 7 February 2013.
6. Tonic with Dr. Norman Swan, Australian Broadcasting Corporation, 15-minute television interview on the biological and social meanings of skin color. 15 February 2013.
7. National Institutes of Health, Office of Behavioral and Social Science Research, Interview on how lifestyle and skin color impact health and psychological wellbeing: <http://obssr.od.nih.gov/video/jablonski/index.aspx>, 4 February 2013.
8. Culture Shocks (with Barry Lynn), Interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://www.cultureshocks.com/shows/2013/01/07/joe-mozingo-nina-jablonski/>, 7 January 2013.
9. The Roundtable/WAMC Radio, Northeast Public Radio, Interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://wamc.org/post/living-color-biological-and-social-meaning-skin-color>
10. Focus, WILL Radio, Interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://will.illinois.edu/focus/program/living-color-the-biological-and-social-meaning-of-skin-color>, 2 November 2012.
11. THE GIST/Michelangelo Signorile (Sirius XM Radio), Interview about *Living Color: The Biological and Social Meaning of Skin Color*, 17 October 2012.
12. Think with Krys Boyd, KERA, Interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://www.kera.org/2012/10/15/the-biological-and-social-meaning-of-skin-color/>, 15 October 2012.
13. Joy Cardin Show, WPR, Madison, One-hour Interview about *Living Color: The Biological and Social Meaning of Skin Color*: [http://wpr.org/webcasting/audioarchives\\_display.cfm?Code=jca&StartRow=1&keyword=Jablonski&highlight=on](http://wpr.org/webcasting/audioarchives_display.cfm?Code=jca&StartRow=1&keyword=Jablonski&highlight=on), 15 October 2012.
14. Perspective, K-State Public Radio, Interview about *Living Color: The Biological and Social Meaning of Skin Color*, 15 October 2012.
15. All Sides with Ann Fisher/WOSU, Columbus, Interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://wosu.org/2012/allsides/living-color-impact-of-skin-color-on-social-interactions/>, 4 October 2012

16. Tavis Smiley Show (NPR), 15-minute Interview about *Living Color: The Biological and Social Meaning of Skin Color*: <http://www.tavissmileyradio.com/nina-jablonski-living-color/>, 28 September 2012.
17. 702 Talk Radio (Johannesburg, South Africa) with Jenny Crws-Williams, live broadcast one-hour interview aired on Monday 17 September 2012. [http://www.702.co.za/podcast/podcast\\_bestofjenny.asp](http://www.702.co.za/podcast/podcast_bestofjenny.asp)
18. 180 with Bob show (Johannesburg, South Africa), live broadcast of 10-minute interview on Tuesday 18 September 2012.
19. SAFM (Cape Town, South Africa), "Otherwise" show, live interview about skin color and race.
20. WGBH, Cally Crossley Show, live interview concerning evolution of skin pigmentation and significance of tanning, 6/20/11.
21. TED Lecture, "Skin Color is an Illusion," filmed February 2009; [http://www.ted.com/talks/nina\\_jablonski\\_breaks\\_the\\_illusion\\_of\\_skin\\_color.html](http://www.ted.com/talks/nina_jablonski_breaks_the_illusion_of_skin_color.html)
22. NPR, Morning Edition, Krulwich on Science, "Your Family May Once Have Been A Different Color", 2/2/09; <http://www.npr.org/templates/story/story.php?storyId=100057939>
23. SETI Institute Science Radio --- Are We Alone? --- 2/11/08 --- Senses Census (hosted by Dr. Seth Shostak) <http://radio.seti.org/past-shows.php>
24. WPSU --- Take Note --- 12/23/07 --- Our Skin (interview by Patty Satalia) <http://www.wpsu.org/radio/takenote.php?view=3>
25. New York Times --- 9/4/07 --- A Supple Casing, Prone to Damage (article by Natalie Angier) [http://www.nytimes.com/2007/09/04/science/04angi.html?\\_r=1&scp=3&sq=nina+jablonski&st=nyt&oref=slogin](http://www.nytimes.com/2007/09/04/science/04angi.html?_r=1&scp=3&sq=nina+jablonski&st=nyt&oref=slogin)
26. WHYY / NPR --- Morning Edition --- 8/28/07 --- King Tut Exhibit Prompts Debate on His Skin Color (report by Joel Rose) <http://www.npr.org/templates/story/story.php?storyId=13992421>
27. Good Morning America --- 8/23/07 --- Science of Sweat (report by John Berman) <http://abcnews.go.com/GMA/Health/Story?id=3514398&page=1>
28. WPR (Wisconsin Public Radio) --- Conversations with Joy Cardin ---5/11/07 --- 7 AM time slot (hosted by Joy Cardin) <http://www.wpr.org/ideas/programnotes.cfm> (search by air date from this site)
29. New York Times ---4/17/07 --- Defy Another Day (article by Natasha Singer) [http://www.nytimes.com/2007/04/17/style/tmagazine/15taging.html?\\_r=1&oref=slogin](http://www.nytimes.com/2007/04/17/style/tmagazine/15taging.html?_r=1&oref=slogin)
30. MPR (Minnesota Public Radio) --- Midmorning --- 4/9/07 ---Skin Deep (interview by Kerri Miller) <http://minnesota.publicradio.org/display/web/2007/04/09/midmorning2/>
31. NPR --- Weekend Edition Saturday --- 3/3/07 --- Finding the Beauty in 'Skin: A Natural History' (interview by Lynn Neary) <http://www.npr.org/templates/story/story.php?storyId=7700603>

- 2002 Featured interviewee in the National Geographic Society television production, “The Journey of Man”, aired January 2003
- 2002 Scientific Advisor and Contributor to the joint National Geographic Society and PBS Production, “Skin”, aired November 2002
- 2002 Contributor to “Science Update”, the AAAS popular science radio program, on the evolution of human skin coloration
- 2001 Contributor to CBC Radio Science Program, “Quirks and Quarks”, on the evolution of human skin coloration
- 2000 Contributor to PBS production for 2001/2002, “Race: Creation of an Illusion”
- 2000 Presenter of an online lecture on human evolution for EarthNews environmental science network
- 1999 Contributor to Antenna Theatre production on human evolution
- 1998-2002 Contributor to KQED Radio, “Science Interchange” Program, aired on PBS stations nationwide
- 1996 Contributor to RTHK (Hong Kong) Sunday Morning Show, “The Evolution of Hong Kong’s Environment”
- 1995-2003 Lecturer in a variety of Adult Education courses offered by the California Academy of Sciences
- 1995 Contributor to Richard Otting’s morning show on ABC Radio National, Perth, Australia
- 1993 Participant in an evening Extension Course on primates for The University of Western Australia
- 1992 Keynote lecturer and leader of “Meet a Scientist” sessions for the First Summer Science School of the Australian Scientific Industry Association for Year 10 students
- 1992 Consultant to Australian Telecom Mobile workshop on stress management. Lecturer on “Humans and Stress”
- 1992 Participant in an evening Extension Course on primates for The University of Western Australia
- 1991-1994 Consultant in forensic anthropology to the city of Perth and the State of Western Australia. Responsibilities include involvement with Government forensic pathologists in criminal and civil cases involving personal identification of unknown human remains.
- 1991-1994 Consultant in human osteology to archaeologists in Western Australia Responsibilities include study of human skeletal remains *in situ* throughout the state and the eventual identification and description of such remains
- 1989 Professional Adviser to “The Human Story” Exhibition, Hong Kong Museum of History.
- 1983-1990 Member of the Forensic Odontological Group of the Prince Philip Dental Hospital, Faculty of Dentistry, University of Hong Kong Responsibilities included regular involvement with the Royal Hong Kong Police and Hong Kong Government forensic pathologists in criminal and civil cases

involving personal identification of unknown human remains and appearances in court as an expert witness as required. Educational responsibilities included acting as Instructor to the Detective Training Wing of the Royal Hong Kong Police on techniques of personal identification of human remains

- 1983-1984 Contributor of scientific presentations for "Cabbage Hall", a radio program for children on Radio Television Hong Kong
- 1983 Hong Kong Urban Council, Popular Science Lecture: "The search for human origins"

**Museum Exhibit Development:**

- 2006-09 Curator and developer of the John G. and Catherine T. MacArthur Foundation-funded exhibit, "The Evolution of Humans and their Environment in the Gaoligongshan", for the Baoshan Cultural Museum, Baoshan Prefecture, Yunnan, China
- 2007 Contributor to exhibit, "Race: Are We so Different?" American Anthropological Association in collaboration with the Science Museum of Minnesota.
- 2004 Advisor and co-developer of exhibit on the evolution of human skin color and the relationship between skin color and race for the Curious Kids Museum, St. Joseph, Michigan
- 1996-2006 Supervisor of virtual exhibit content for the web presence of the Department of Anthropology; includes an on-line collections catalog with images, object descriptions, and and other relevant data:  
<http://www.calacademy.org/research/anthropology/acollection.html>  
<http://www.calacademy.org/research/anthropology/collection/collintro.htm>  
 and virtual educational exhibits featuring some of the Department of Anthropology's collections:  
<http://www.calacademy.org/research/anthropology/Exhibits/index.htm>
- 2001-05 Internal Director of the Creative Design Team for all terrestrial and anthropological exhibits for the new California Academy of Sciences currently under construction in Golden Gate Park
- 1995-2003 Development and management of rotating anthropological displays in Wattis Gallery, California Academy of Sciences; exhibits included items from the Rietz Food Technology Collection, Masai spears and shields, the native arts of Australia, and folk toys of Japan
- 2002 Scientific Content Provider for the exhibit, "Powers of Ten" (June-December 2002)
- 2001-2002 Lead Curator and Main Scientific Content Advisor for the exhibit entitled, "Skulls" (March 2002— Aug 2004): Work involved development of exhibit themes and content, and acquisition of specimen loans from the UCMP and the University of the Pacific
- 2000 Chair of Creative Design Team for the exhibit, "Vanuatu: At Home in the Western Pacific" (October 2000 – March 2001)
- 1999 Chair of Program Content in connection with the traveling exhibit, "Missing Links Alive", on human evolution: Work involved development of an accompanying lecture series, educational programming, and a marketing strategy for the exhibit
- 1998-1999 Co-chair of the Creative Design Team for the exhibit, "The Elkus Collection: Changing Traditions in Native American Arts" (on the floor at the Academy from 1999-2004)
- 1997 Arranged for the long-term loan and exhibit of the W. Barclay Stevens Clock Collection to the National Association of Watch and Clock Collectors Museum
- 1997 Co-chair of the Creative Design Team for the exhibit, "Teec Nos Pos: Jewels of the Navaho Loom"
- 1995 Organizer and Chair, Native American Art Fair and Sale, staged at the California Academy of Sciences

**Paid Consultancies:**

- 2015 RCSR Productions (for the Howard Hughes Medical Institute), scientific consultant and presenter for short documentary film on the evolution and health implications of skin pigmentation, HHMI BioInteractive Short Films.
- 2009-2010 Skin Deep Pty Ltd., a subsidiary of Electric Films Ltd., scientific consultant and presenter for full length documentary film on the evolution and meaning of skin color; project funded by UNESCO, and the governments of France and Australia.
- 2003-2006 University of Chicago Press, reviewer of book-length manuscripts and journal compilations
- 2002 onward University of California Press, book-length manuscript reviewer.
- 2001 Web-site design and content consultant for the Institute of Human Origins, "Becoming Human" web site, sponsored by the Albert P. Sloan Foundation
- 2000-2002 Consultant in forensic osteology and anthropology for the Office of the Sheriff and Coroner, Mendocino County, California
- 1999-2002 Senior Content Advisor for the human evolution module of "Voyages Through Time", an interactive curriculum on evolution for high school students, done in collaboration with the NASA Ames Laboratory and the SETI Institute
- 1996-2000 Bay Area Classic Learning (Elderhostel)

**Administrative Experience:**

- 2015 onward Associate Director, The Huck Institutes of the Life Sciences, The Pennsylvania State University, with responsibilities for facilitating collaboration between the life sciences and the social and behavioral sciences, and for enhancing integration of the social and behavior sciences and basic biomedical research into medical education.
- 2013 onward Convener, STIAS Long-term Project, "Being Human Today: The Effects of Race" (for 2013-2018); advising on the disbursement of approximately ZAR 3,000,000 provided by the Knut and Alice Wallenberg Foundation and Riksbankens Jubileumsfond, Sweden. Responsibilities include coordinating the activities of a 10-member team of international senior scholars and administering a grant solicitation for junior investigators, working on issues of race and public policy in South Africa and throughout Africa.
- 2012 onward Convener, Genetics and Genealogy Working Group (National Evolutionary Synthesis Center [NESCent], Durham, NC). Responsibilities include leading a team of 31 scholars and professionals in the development of curricula in genetics and genealogy for middle school, high school and undergraduate students, especially from traditionally underrepresented minorities.
- 2011 onward Director, The Pennsylvania State University cross-college Center for Human Evolution and Diversity (CHED)
- 2006-2011 Head, Department of Anthropology, The Pennsylvania State University. Responsibilities included establishment and maintenance of the intellectual direction and day-to-day running of a department with 20 tenure-line faculty, 6 staff, and over 30 graduate students.
- 1994-2006 Chair, Department of Anthropology, California Academy of Sciences. Responsibilities include: Direct supervision of full- and part-time staff, interns, and volunteers; setting the goals and supervision of all departmental research activities; oversight of the acquisition and management of all collections (including cataloguing and the use of modern information technology to analyse and serve collections data to the public via the Academy's web portal); development of floor and virtual exhibits; development of scholarly international symposia and two major public lectures series; oversight of the Academy's Traditional Arts Program; involvement in development activities for the Academy; and development of and participation in the Academy's international travel program.
- 2001-2005 Internal Director of the Creative Design Team for the new California Academy of Sciences natural history museum, emphasizing overall design of all content related to terrestrial and cultural themes. Work involved extensive collaboration with all internal museum constituencies (researchers, educationalists, collections staff, and administrators) and five external commercial design and architectural firms for the \$392,000,000 project.

- 2003 Acting Director of Research, California Academy of Sciences: As needed, during periods of absence of the Director
- 2002 Chair, Search Committee for new Curator in the Department of Ornithology and Mammalogy, California Academy of Sciences.
- 2001-2006 Member, Internal Communications Team (“I-Team”) of the California Academy of Sciences: Work involves liaison between all museum constituencies to insure constructive communication during the phases of new Academy planning and building.
- 2000-2005 Member, Staff Advisory Council of the California Academy of Sciences: Work involves liaison with all levels of museum staff and museum administration on all workplace issues.
- 2000-2002 Acting Chair, Department of Ornithology and Mammalogy, California Academy of Sciences: Work involved supervision of full- and part-time staff, and 6-8 volunteers.
- 2000 Chair, Temporary Committee to Make Recommendations on the Future of the Curatorial Position in Ornithology and Mammalogy, California Academy of Sciences
- 1999-2000 Chair, Committee to Make Recommendations on Curatorial Study Leaves, California Academy of Sciences
- 1998 Chair, Committee to Make Recommendations on the Terms of Curatorial Appointments
- 1990-1994 Co-coordinator of 2<sup>nd</sup> and 3<sup>rd</sup> year undergraduate curriculum in Human Biology, Department of Anatomy and Human Biology, The University of Western Australia.
- 1984-1990 Coordinator of 1<sup>st</sup> and 2<sup>nd</sup> year medical and dental school curricula in Head and Neck Anatomy, Department of Anatomy, Schools of Medicine and Dentistry, University of Hong Kong.
